
Product Details

JRG Self Retracting Lifeline AD212FI 12m, AD222F1 22m

- Added mobility with 12 metres, 22 metres, of galvanised cable lifeline
- Lightweight, compact and durable design - constructed from shock-resistant thermo plastic housing
- Stainless steel corrosion resistant, zinc coated internal components for longer service life
- Speed sensing/energy absorbing internal brake - keeps forces to a minimum and reduces clearance requirements arresting a fall immediately
- Includes screw lock karabiner on housing and self locking double action snap hook with fall indicator on end
- Works horizontally
- 4.0mm diameter wire rope offers protection to heat and wear
- Meets or exceeds all applicable industry standards
