- Standards approved - AS/NZS 1891.1:1995

The SureFit harness range has been designed with the professional user mind, is easy to understand, and looks and feels good to wear.

Every SALA harness combines maximum comfort, freedom of movement and ease of use without sacrificing safety. All harnesses are designed to securely retain you in case of a fall and distribute the impact forces throughout your body. Our exclusive Delta No-Tangle™ design holds the shape of the harness, adding to your comfort, and making it easier to put on. The integrated rear stand-up D-ring is an 'industry first' and provides the user with quick connections - enhancing ease-of-use and user productivity (please see the 'Stand-Up D-Ring' brochure link at the bottom of this page).

**SureFit™ Confined Space Harness
340M-0002**

Whether you wear a harness 4 hours a day or 14 hours a day, it needs to feel good and fit right for optimum comfort, safety and productivity. SALA harnesses are designed to fit you - no matter what your size or shape!

Other SureFit™ Harnesses available:
